---

Experience

Inventory and Supply Manager | *La Pâtissier* | 2024–Present

- Reduced purchasing costs by over 35% for a ₪250,000 monthly budget.

- Developed automation tools for price comparison and supplier negotiation.

- Streamlined inventory processes and created structured operational protocols.

Self-Employed Contractor | Construction Industry | 2010–2020

- Managed building projects, supplier contracts, budgeting, and delivery timelines.

Senior Account Manager | Forex Industry | 2006–2010

- Led trading teams, performed financial market analysis, and client portfolio management.

Life Story

From a young age, I was drawn to leadership and innovation. After a decade running my own business in construction and years in the financial trading world, I chose to move into technology. Today, I combine my business acumen, creativity, and technical skills to build smart digital solutions.

Projects
